### **Dr. Judy Laws is now a MBTI Certified Practitioner**

**Ottawa, June 28, 2011** – Dr. Judy Laws received her Myers-Briggs Type Indicator® (MBTI®) Certification in Ottawa this month through Psychometrics. This allows her to professionally and ethically administer and interpret the MBTI.

The Myers-Briggs Type Indicator® (MBTI®) is a versatile assessment of personality type. It describes people's preferences for interacting with others, gathering information, making decisions and organizing their lives. Widely used for individual, group and organizational development, the Myers-Briggs Type Indicator can help people make business, career and personal decisions. Over two million people gained valuable insight about themselves and others by taking the Myers-Briggs Type Indicator last year.
